Who Am I?

- ing. Hans Van de Looy
- Founder & Partner
Madison Gurkha B.V.
- Principal Security
Consultant

4

Content

- Personal Data Security
 - Privacy / Usage / Need
 - Value
 - Problems / Threats / Risks / Security
 - Responsibility

5

Privacy

Any society that would give up a little liberty to gain a little security will deserve neither and lose both

6

How to deal with it?

- Technology will *never* be the (complete) answer!
- Complexity is certainly *not* the answer!
- Use technology to protect against unconscious failures

- Increase awareness, make people **THINK** (again)!
- Implement security *by design*
- Trust but verify...
